MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : Special Assistant for Interdepartmental Affairs

SUBJECT : Breakfast Meeting with Members of SSCI, 29 July 1982

1. The following subjects are on the agenda for your breakfast meeting tomorrow morning with selected Senators from the SSCI.

-- Lebanon and Iran-Iraq. [] will attend the breakfast as he did today, and I have included in your book some of the same memos from Charlie which I put in your book for Judge Clark. The morning pubs will have the most up-to-date information on the current situation in these two crises.

25X1

-- El Salvador. You may wish to brief the results of the community assessment on the certification issue. Meanwhile, we have learned from the staffers that Chafee and Lugar are likely to query you on the Wall Street Journal article of 16 July by Suzanne Garment. Copies of that article plus yesterday's New York Times article by Robert White are included along with a copy of the intelligence assessment.

-- 1982 Estimates. As this morning, you will probably want to pass out copies of our planned production for 1982.

2. We also learned from [] that one or more of the Senators are likely to raise the following two subjects:

25X1

-- DCI Blind Trust. Some will apparently want to again ask why you have not established a blind trust for your tenure as DCI.

-- DCI Initiated Projects. We understand that some of the Senators are curious to know what specific projects you have initiated since becoming DCI and are following closely as they progress.
